Mail Service Member Select Program

The ideal blend of cost-saving performance and flexibility

Leverage the power of OptumRx® Mail Service Pharmacy

Increasing mail service usage is a proven strategy for controlling rising pharmacy costs. Yet when it comes to mail service programs, many employers are sensitive about employee satisfaction. The Mail Service Member Select℠ program provides an effective balance between achieving cost savings through greater mail service usage and providing employees a choice in how they receive their maintenance medications.

A more flexible mail service solution

The new Mail Service Member Select program allows employers to capitalize on the many advantages of a mail service benefit, while giving members the flexibility to fill their maintenance medications via mail service or at a retail pharmacy. Members are automatically enrolled in Mail Service Member Select and can begin realizing the benefits of mail service pharmacy immediately. If members choose not to participate in the program, they will need to take an active step to disenroll in order to continue filling their maintenance drugs at a local pharmacy at their retail cost share amount. The ability to disenroll from mail service helps maintain member satisfaction, while continuing to help manage pharmacy benefit costs.

How Mail Service Member Select works

Mail Service Member Select allows members two retail pharmacy fills of their maintenance medication* before a decision is required. Members must either enroll their maintenance medications in the OptumRx Mail Service Pharmacy or they can disenroll their medications from mail service and continue to refill their maintenance prescriptions at a retail pharmacy. If no decision is made, and the member continues to fill maintenance medication prescriptions at a retail pharmacy, the member may pay 100% of the drug cost until a decision is made.

With Mail Service Member Select, members may disenroll from mail service for one year at a time by notifying OptumRx by phone or online through their pharmacy benefit website. This decision must be confirmed annually. Members who disenroll may continue filling maintenance medications at their standard cost.

Member communication and education

Members are notified of the Mail Service Member Select program by phone and by mail after their initial fill at a retail pharmacy. The communications explain the benefits of OptumRx Mail Service Pharmacy and their options to disenroll from the program. After the second retail fill, they are contacted again with similar communications. Members will receive an annual notification letter about 30 days prior to the expiration date informing them they will need to renew their option another year if they wish to continue filling at retail.

The many benefits of the mail service pharmacy include:

Cost savings: Members may pay less for their medication with an up to three-month supply through OptumRx Mail Service Pharmacy.

Convenience: Members receive home delivery of their medication with free standard shipping. This means fewer trips to the retail pharmacy.

24/7 access: Members can speak with a pharmacist who can answer questions anytime, any day.

Please Note…

- RX Pre-Authorization: You/your Doctor may need to obtain UHC's preauthorization to obtain certain drugs (specialty) before they are dispensed
- RX Step Therapy: You may be required to use a lower-cost drug(s) prior to benefits under your policy being available for certain higher costing drugs.
- Tier 1 contraceptives are covered at No Charge.
- **Please reach out to HR if you would like a copy of the 2018 UHC Drug List to check that your medication is covered by your pharmacy plan.**

Please visit myuhc.com or call the toll-free member phone number on the back of your ID card for more information on your prescription drugs or how to set up mail order through OptumRx.

Important Notices

Federal regulations require B & B Maintenance to provide benefit eligible employees with the following important annual notices.

INDIVIDUAL COVERAGE MANDATE

- Requires most people to have "minimum essential coverage" health insurance
- Beginning in 2014, most individuals must have health insurance for themselves and their dependents that meets minimum standards of coverage, or pay an annual penalty when filing tax returns

You can enroll in your Employer's health plan, or you may want to consider visiting www.healthcare.gov for information on health plans available through the Healthcare Marketplace in your area. Your employer has determined that the medical plans being offered meet the minimum value standard, and the cost of the coverage to you is intended to be affordable. If you decline coverage considered affordable and minimum essential under the Affordable Care Act (ACA), you will not qualify for government credits and subsidies to purchase individual health insurance on the Marketplace.

MEDICARE PART D NOTICE OF CREDITABLE PRESCRIPTION DRUG COVERAGE

Your employer has determined that the prescription drug coverage offered by the Welfare Benefit Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

ANNUAL NOTICE FOR WOMEN'S HEALTH AND CANCER ACT (WHCRA)

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

If you would like more information on WHCRA benefits, call your Plan Administrator

NON-GRANDFATHERED PATIENT PROTECTION

Your Employer's Welfare Benefit Plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the health insurance carrier's network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Plan Administrator or your Medical carrier directly.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from your Employer's Welfare Benefit Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Plan Administrator or your Medical carrier directly.

HIPPA NOTICE OF PRIVACY

HIPAA also requires that health plans protect the confidentiality of your private health information. A complete description of your rights under HIPAA can be found in the Plan's Privacy Notice or, if appropriate, in the privacy notice provided by the insurer. To obtain a copy of the privacy notice, contact the insurer or, if you have questions or complaints about the privacy of your health information, contact the Plan Administrator.

Neither this Plan nor the Employer will use or further disclose information that is protected by HIPAA ("protected health information") except as necessary for treatment, payment, health plan operations and plan administration, or as permitted or required by law. By law, the Plan has required all of its business associates to also observe HIPAA's privacy rules. In particular, the Plan will not, without authorization, use or discloses protected health information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer.

Under HIPAA, you have certain rights with respect to your protected health information, including certain rights to see and copy the information, receive an accounting of certain disclosures of the information and, under certain circumstances, amend the information. You also have the right to file a complaint with the Plan, your insurer, or with the Secretary of the U.S. Department of Health and Human Services if you believe your rights under HIPAA have been violated.

NOTICE OF SPECIAL ENROLLMENT RIGHTS

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependent in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days or after the employer stops contributing toward the other coverage.

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth adoption, or placement for adoption.

To request special enrollment or obtain more information, contact your Plan Administrator.

NEWBORNS' AND MOTHERS' HEALTH ACT

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).
In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

GENETIC INFORMATION NONDISCRIMINATION ACT OF 2008 (GINA)

The Genetic Information Nondiscrimination Act of 2008 ("GINA") protects employees against discrimination based on their genetic information. Unless otherwise permitted, your Employer may not request or require any genetic information from you or your family members.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

MENTAL HEALTH PARITY

The Mental Health Parity and Addiction Equity Act of 2008 generally requires group health plans and health insurance issuers to ensure that financial requirements (such as co-pays and deductibles) and treatment limitations (such as annual visit limits) applicable to mental health or substance use disorder benefits are no more restrictive than the predominant requirements or limitations applied to substantially all medical/surgical benefits. For information regarding the criteria for medical necessity determinations made under the ABC Company Welfare Benefit Plan with respect to mental health or substance use disorder benefits, please contact your plan administrator

WAIVER OF COVERAGE

You may decline health coverage offered by your employer**;** this is called a *waiver of coverage*. If you waive coverage for yourself, you may not cover dependents under the Employer's health plan.

If you decline coverage considered affordable and minimum essential under the Patient Protection and Affordable Care Act ("ACA"), you will not qualify for government credits and subsidies to purchase individual health insurance on the Marketplace. Your employer has determined that the medical plans being offered meet the minimum value standard, and the cost of the coverage to you is intended to be affordable.

The **decision to waive coverage has consequences for you**. For example:

- You should be aware of the individual responsibility requirement taking effect in 2014 under the ACA. If you refuse the offer of the Employer's health coverage and do not obtain coverage on your own, you will be subject to a penalty.
- Unless you sign a waiver stating that you are covered under another plan, such as a spouse's plan, Medicaid, or Medicare, you cannot enroll in the Employer's health plan until the next open enrollment. However, if you are covered under another plan, but that coverage is lost, you can enroll in your Employer's health plan immediately. There's a time limit for enrolling after the other coverage is lost: *you must request to enroll in your plan within 30 days of losing the other coverage.*
- If you gain a new dependent through birth, adoption or marriage, you may enroll yourself, the new dependent, and the entire family at that time, but *you must do so within 30 days of gaining the new dependent*. If you miss the 30-day enrollment deadline, you must wait until open enrollment.

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.
If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1- 877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.
If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at **www.askebsa.dol.gov** or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of August 10, 2017. Contact your State for more information on eligibility –

Name	Social Security #	DOB	M/F	Add	Drop	Add	Drop	Add	Drop

☐ I choose to **WAIVE** the Medical Coverage for this plan year and understand/agree to the following:

You may decline coverage offered by your employer, this is called a waiver of coverage. If you waive coverage for yourself, you may not cover dependents under the Employer's plans.

Note that after 2013, if you decline coverage considered affordable and minimum essential under the Affordable Care Act (ACA), you will not qualify for government credits and subsidies to purchase individual health insurance on the Marketplace. ***I understand that my employer's plan meets both requirements.***

The decision to waive coverage has consequences for you. For Example:

- Unless you sign a waiver stating that you are covered under another plan, such as a spouse's plan, Medicaid, or Medicare, you cannot enroll in the Employer's health plan until the next open enrollment. However, if you are covered under another plan, but that coverage is lost, you can enroll in your Employer's health plan immediately. *You must request to enroll in your Employer's plan within 30 days of losing the other coverage.*
- If you gain a new dependent through birth adoption or marriage, you may enroll yourself, the new dependent, and the entire family at that time, but you must do so within 30 days of gaining the new dependent. If you miss the 30 day enrollment deadline, you must wait until open enrollment.

I acknowledge that ***my employer*** has offered me affordable minimum essential coverage, as defined under the ACA for the period outlined in this election form. I have read the above and I understand the consequences of my waiver of coverage.

I am declining coverage for the following reason(s): (check all that apply)

☐ Spouse/Domestic Partner's Employer Plan ☐ COBRA/State Continuation ☐ Individual Coverage (Non-Group Plan)

☐ Medicare or other Government Plan ☐ I prefer not to have coverage ☐ Other (please explain):

I authorize the applicable employee rates to be deducted through payroll for the elected coverages. And I realize that my choice will remain unchanged for the entire policy year unless I experience a qualifying event.
